Welcome

Opening Prayer

Briefing Document

- The focus of this special meeting is to draft a joint Briefing Document with key recommendations to brief internally within each of the three respective governments. The aim is to seek approval-in-principle on the direction the Steering Committee is working towards in regards to draft management recommendation for the Tagish River Habitat Protection Area (HPA).
- The Steering Committee worked on edits to the joint briefing document with the addition of two more key recommendations – Off Road vehicles and boat speed on the river.
 - edits will be done and shared for review
 - There was approval in principle by Steering Committee members.

Closing thoughts and next steps

- The next Steering Committee meeting will be held February 13, 2018 in Whitehorse.
